Our Texas-based community of speech-language pathologists, students, assistants, and audiologists delivers exceptional, life-changing care for individuals with communication-related disorders.

Hosted 10 Webinar Wednesdays

Top 3 most popular webinars from 2024:

1. Narrative Samples: From Analysis to IEP Development
2. Voice Referral Criteria for School-Based Clinicians
3. Empowered at Every Level: School-Based SLPs Influencing Change in their School Districts, the Texas Legislature, and Beyond

Created an Inclusive Diversity Statement:

The TSHA Diversity Committee worked together to create an Inclusive Diversity Statement, which underscores our commitment to fostering an inclusive environment.

New Learning Experiences:

Launched the new Advanced Professional Development webinar series, providing experienced members access to advanced CE opportunities and specialty educational content at a discounted rate.

Launched Our LinkedIn Page:

You can now learn from the expertise of TSHA members, stay informed on the latest industry news and developments, explore job opportunities across Texas, and much more on LinkedIn. Make sure to follow us if you haven't already!

Advocating for You:

TSHA joined forces with physical therapists, occupational therapists, social workers, and more healthcare professionals across Texas to amplify our impact on passing compact legislation, including the Audiology and Speech-Language Pathology Compact Bill.
